A news update about C.Y.O.'s Marydale Park campaign

Issue 59 April 2013

## Major Announcement

## The Spallacci Group - Largest Donation to Date!

**SPALLACCI**  
GROUP

The C.Y.O. is very pleased to announce that the Spallacci Group has made a significant contribution to the Marydale Park facility. In fact, their in-kind gift towards the completion of Marydale Park's outdoor recreational pavilion and the maintenance building is the largest private financial contribution made to date. This donation is over and above The Spallacci Group's agreement to be the lead project manager on the facility's creation, waving their project management fees to oversee the entire construction process.

*"Our family is extremely proud to support this very important community service project. Knowing that we are helping to give all citizens, especially children with special needs of Hamilton and surrounding communities, the opportunity to experience barrier-free recreation is very humbling. Like so many others who have supported Marydale Park, we believe in this unique and visionary project and that it will truly benefit everyone."*

Rudi Spallacci, President The Spallacci Group.

## Marydale Park's Recreational Pavilion

It's all about accessibility and having fun for our Marydale Park visitors. The facility's universally designed, multi-purpose recreational pavilion will feature space for hard surfaced sports, such as basketball, ball hockey and volleyball. The 83.7 x 51.6 metre pavilion will also be made available and used by all members of the community for their recreational and social activities. The 4,310 square foot pavilion will be covered with open sides providing protection from the sun's hot mid-day rays, while allowing the refreshing breeze off the lake to keep visitors cool.

***Thanks to a wonderful donation, the outdoor recreational pavilion will be completed and ready for everyone to enjoy by the summer of 2013.***

## Spallacci Pool Complex and Change House

The Spallacci Pool Complex and change house

In appreciation of the Spallacci family's support, the accessible pool building will be named the "Spallacci Pool Complex".

The Pool Complex building features fully accessible men's, women's and family change rooms, a life guard station and tuck shop. Oversized washrooms and change rooms with hands free showers, towels and sinks will allow all our visitors an enjoyable experience.

**Thank you to the Spallacci Family for believing in Marydale Park**
